

Lessebo Digital

Technical Data Sheet

Lessebo Digital™ is a premium, uncoated paper developed for digital printing that meets many selection criteria; distinctiveness, surface and feel. Featuring a rough surface which adds a characteristic paper feeling. The production of Lessebo Digital is unique and the paper has a surface treatment that will not yellow with time, hence prolonging the shelf life. The full range from 100gsm to 300gsm is certified for digital printing by HP Indigo.
