

Scandia 2000[®]

Technical Data Sheet

Lessebo Scandia 2000 is a white uncoated paper range featuring high opacity and a unique tactile surface, offering a true “paper feeling” to the touch. The high-performance paper is FSC[®] Certified, produced of locally sourced raw materials, resulting in a paper that is wood-free and totally chlorine free.

Lessebo Scandia 2000, with its natural character and three white shades, is the perfect choice for any printed material where quality and environmental considerations are out of importance. Especially developed for modern printing techniques. Selected weights are laser-adapted, and OCR approved. It is certified safe for contact with dry- and non-fatty foodstuffs.

Grammage	Thickness	Bulk	Roughness Bentsen	Whiteness White	Whiteness Natural*	Whiteness Ivory*	Opacity
