

# Lessebo Recycled™ 1.5

## Technical Data Sheet

Crafted with sustainability and texture in mind, Lessebo Recycled 1.5 combines environmental responsibility with a premium, substantial bulk. Certified as FSC® Mix, the paper maintains top sustainability standards and is available in two colours: Balder, in stock, and Freja, upon request.

This paper's extra thickness makes it an excellent choice for luxury packaging applications, books and catalogues. Like all our recycled papers, Lessebo Recycled 1.5 can be customised with a choice from our Lessebo Texture range's 18 embossing patterns, adding unique textures to elevate any design.
